REFUND POLICIES

~~Treatment of Title IV, HEA Program Funds Upon Withdrawal~~ Return of Title IV Funds Upon Withdrawal (p. 16)

Upon a student's withdrawal or dismissal from school, the U.S. Department of Education requires specific treatment of the Title IV program funds received by the student. These requirements are published in Chapter 34 of the Code of Federal Regulations, Section 668.22. The school is required to make refunds to the Title IV program funds according to these regulations regardless of amounts resulting from the school's tuition refund policy as described above.

These regulations allow the college to keep as “earned” the amount of Title IV aid that is equivalent to the amount of time the student has been in attendance, except during the first 30 days of a new student’s first semester when the college is sometimes not permitted under regulations to disburse a Stafford loan. For example, if the student completed 30 percent of the payment period or period of enrollment, 30 percent of the assistance originally scheduled for receipt may be earned. Once the student has completed more than 60 percent of the payment period or period of enrollment, all the assistance that the student was scheduled to receive for that period may be earned. Title IV funds disbursed in excess of this amount must be returned by the college in the order noted below.

During the calculation of Title IV aid earned, the school will determine whether the student is due a post-withdrawal disbursement of federal aid. The school will make a determination as to whether the aid could have been disbursed under normal conditions and whether a post-withdrawal disbursement is necessary and appropriate. The amount of a post-withdrawal disbursement is determined by following the requirements for calculating earned Title IV aid and has no relationship to incurred educational costs. In addition, any post-withdrawal disbursement due to the student must meet the current required conditions for late disbursements. If the student is due a post-withdrawal disbursement of loan funds, the school will notify the student and offer those funds. If the student is due a post-withdrawal disbursement of grant funds, the grant funds will be applied to the student's account and the student will be notified.

If a student withdraws from the school as a result of the student being called to active duty in a military service of the United States or the National Guard, all financial aid (grants and loans) for the current semester will be refunded.

If a student provides notice of withdrawal either verbally or in writing to the Director of Education, the date on which the notice is given is the date of withdrawal. A student who has missed ten (10) consecutive days of class is considered to have withdrawn. If a student is absent from class for a period of 10 consecutive class days, excluding scheduled holidays or breaks, the date of withdrawal will be the first class day after the 10-day period of nonattendance.

In the event the school is prevented from retaining the student's planned financial aid to satisfy tuition and other charges, the student is directly responsible for paying those charges.

~~INSTITUTIONAL LOANS~~ INSTITUTIONALLY-FUNDED GRANTS AND LOANS (p. 20)

Institutional loans are available on a limited basis for students who have exhausted other possible means of financing. Institutional loan applications are accepted throughout the year. Loan amounts will vary depending upon financial need and may not exceed institutional charges. Loan recipients are required to make minimum monthly cash payments to offset institutional charges while in school. Monthly cash payments and interest charges begin following graduation or withdrawal.

Antonelli Institute participates in the Student Education Assistance Foundation Grant Program (SEAF) through institutional funding of up to \$90,000. Needs-based grants may be provided to specific students in accordance with the program guidelines of the SEAF grant program.

CAMPUS SECURITY (pp. 22)

Antonelli Institute strives to provide a safe environment for our students' learning experience. We have located our facility in a quiet suburban setting, and trespassing laws are enforced on our premises. If, however, a crime is committed on our premises, school personnel and building management are available to assist students and staff.

How to Report Criminal Actions or Other Emergencies

If a student or other campus member is the victim of a crime, believes s/he sees a crime being committed, or becomes aware of any other emergency, the individual should report it in a timely manner to any school official. School officials include management personnel, directors, and security personnel. All incidents are then reported to the President. Students and employees are directed to call 911 to reach the city police or fire department should an emergency arise when a school official is not available. Antonelli Institute has no official policy or procedures for confidentially reporting crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Campus Safety Procedures and Crime Prevention Programs

Procedures for reporting criminal actions or other emergencies are reviewed with students during orientation. Also guests are invited to speak to the students during the course of their program on topics such as self-protection. It is the school's policy to actively educate students about the realities of campus sexual assault and other campus crimes by publishing and distributing, at no cost to students, the following information:

- Crime Prevention Tips
- Prevention Ideas for Self-Protection
- Directory of Counseling Services

Antonelli Institute does not provide residential facilities for students on campus. However, Antonelli Institute employs a full-time residence director to assist students who reside in the residence facility. Security procedures are explained to students by residence facility personnel and the residence director at the residence facility orientation.

Procedures for reporting criminal actions or other emergencies are reviewed with faculty, staff, and administration at the annual startup meeting. Safety procedures and crime prevention tips are also reviewed.

Timely Warning Reports

The school administration will provide students, faculty, and staff with timely warnings of reported crimes and other events that are considered to be a serious or ongoing threat to the safety of students and employees. These warnings include a description of the crime and the time, date, and location of the occurrence in a manner that withholds the names of victims as confidential. The warnings are posted on campus bulletin boards, in student residence facilities, and in other appropriate areas. If campus bulletin boards are not timely enough, the campus community will be notified by a more urgent means as deemed appropriate for the situation.

Security and Access to Campus Facilities

During business hours, the administration and classroom buildings are open to students, parents, employees, applicants, and other individuals who have a legitimate purpose for being on campus. Security systems are utilized during hours in which the school is closed, and video cameras have been installed to record activity in key areas. Antonelli Institute does not provide residential facilities for students on campus.

There are eight cameras throughout the campus. The cameras operate 24 hours a day, 7 days a week throughout the year. They record on at least a 72-hour loop. The cameras are monitored in the school store during hours of operation. Doors not frequently used are alarmed and inaccessible from the outside but can be used to exit the facility in case of emergency.

School personnel patrol the campus, secure the facility, and activate the alarm prior to departure. School personnel deactivate the system and open the facility upon arrival.

Safety and security issues are considered and implemented in the maintenance of all campus lighting, shrubbery, and other areas that could affect the safety of individuals on campus. Safety and security maintenance requests receive priority treatment over nonsafety and nonemergency requests.

Authority of Campus Security Personnel

Antonelli Institute does not have a campus police or security department. The President serves as the chief security officer with assistance of management personnel. Security personnel at the campus have no formal relationship with any state or local law enforcement agency, although they do maintain a good working relationship with local law enforcement personnel. Security personnel have no authority to arrest anyone.

Hate Crimes

Hate crimes are criminal offenses committed against a person or property that are motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their actual or perceived race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin. Included in these statistics are hate crimes of murder and non-negligent manslaughter, negligent manslaughter, rape, fondling, incest, statutory rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property. For the years 2012, 2013, and 2014 there were no reported hate crimes at any of the above-listed geographic locations.

Caveat: Antonelli Institute has no residential facilities for students on campus nor does it recognize any off-campus locations of student organizations. Not all agencies responded to our request for statistics.

Policy for Preparing the Annual Disclosure of Crime Statistics

Campus crime, arrest, and referral statistics include those reported to campus officials and local law enforcement agencies. The report includes crimes that have occurred on campus, in or on noncampus buildings or property, and on public property within or adjacent to the campus. The President is responsible for collecting all crime reports and preparing the annual crime statistics disclosure to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

Policy on Alcoholic Beverages and Illegal Drugs

Expulsion, suspension, or some lesser sanction may be imposed for the use, possession, or furnishing of alcoholic beverages or illegal drugs while on campus or while involved in school-related activities. Please refer to the Antonelli Institute Drug-Free School and Workplace Statement of Policy and Plan for the full details. The Antonelli Institute campus is designated as drug-free, and the consumption of alcohol or drugs is not permitted in any circumstances, even by students who are of legal age to purchase alcohol. The school will support local law enforcement agencies in the enforcement of underage drinking laws and federal and state drug laws.

Policy on Dating Violence, Domestic Violence, Sexual Assault, and Stalking

Antonelli Institute prohibits the offenses of dating violence, domestic violence, sexual assault, and stalking. For the purpose of reporting crime statistics in this Campus Security report, the following federal definitions of dating violence, domestic violence, sexual assault, and stalking are used.

Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence is a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Sexual assault is an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting program. Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object or oral penetration by a sex organ of another person without the consent of the victim. Fondling is defined as the touching of the private body parts of another person for the purpose of sexual gratification without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity. Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law. Statutory rape is sexual intercourse with a person who is under the statutory age of consent.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or to suffer substantial emotional distress.

Corresponding definitions for these crimes in the state of Pennsylvania are as follows:

Based on good-faith research, it appears Pennsylvania does not have a specific definition relating to dating violence.

Domestic violence includes felony and misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the complainant, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the complainant as a spouse or intimate partner, by a person similarly situated to a spouse of the complainant under domestic or family violence laws of the Commonwealth of Pennsylvania, or by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of the commonwealth of Pennsylvania. Pennsylvania law defines domestic abuse as knowingly, intentionally, or recklessly causing bodily injury of any kind, causing fear of bodily injury of any kind, assault (sexual or not sexual), rape, sexually abusing minor children, or knowingly engaging in a repetitive conduct toward a certain person (i.e., stalking) that puts them in fear of bodily injury.

Per 18 Pa. C. S. Section 3121, rape is a felony of the first degree defined as engaging in sexual intercourse with a complainant by forcible compulsion; by threat of forcible compulsion that would prevent resistance by a person of reasonable resolution; who is unconscious or where the person knows that the complainant is unaware that the sexual intercourse is occurring; where the person has substantially impaired the complainant's power to appraise or control his or her conduct by administering or employing, without the knowledge of the complainant, drugs, intoxicants, or other means for the purpose of preventing resistance; or who suffers from a mental disability which renders the complainant incapable of consent.

Except as provided in Section 3121 (relating to rape), a person commits statutory sexual assault, a felony of the second degree, when that person engages in sexual intercourse with a complainant to whom the person is not married who is under the age of 16 years and that person is either four years older but less than eight years older than the complainant or eight years older but less than 11 years older than the complainant. A person commits a felony of the first degree when that person engages in sexual intercourse with a complainant under the age of 16 years and that person is 11 or more years older than the complainant and the complainant and the person are not married to each other.

Per 18 Pa. C. S. Section 3123, a person commits a crime of involuntary deviate sexual intercourse, a felony of the first degree, when the person engages in deviate sexual intercourse with a complainant by forcible compulsion; by threat of forcible compulsion that would prevent resistance by a person of reasonable resolution; who is unconscious or where the person knows that the complainant is unaware that the sexual intercourse is occurring; where the person has substantially impaired the complainant's power to appraise or control his or her conduct by administering or employing, without the knowledge of the complainant, drugs, intoxicants, or other means for the purpose of preventing resistance; who suffers from a mental disability which renders him or her incapable of consent; or who is less than 16 years of age and the person is four or more years older than the complainant and the complainant and person are not married to each other. ()

Except as provided in Section 3121 (relating to rape) or Section 3123 (relating to involuntary deviate sexual intercourse), a person commits a sexual assault felony of the second degree when that person engages in sexual intercourse or deviate sexual intercourse with a complainant without the complainant's consent.

According to Pennsylvania's stalking law, a person commits the crime of stalking when the person either engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person or engages in a course of conduct or repeatedly communicates to another person under circumstances which demonstrate or communicate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person.

Consent is an informed, affirmative decision made freely and actively by all parties to engage in mutually acceptable sexual activity. Consent is given by clear words or actions and may not be inferred from silence, passivity, or lack of resistance alone. Existence of a current or previous dating, marital, and/or sexual relationship is not sufficient to constitute consent to additional sexual activity. Consent to one type of sexual activity does not imply consent to other types of sexual activity. Someone who is unconscious, asleep, or otherwise mentally or physically incapacitated, whether due to alcohol, drugs, or some other condition, cannot give consent. Consent cannot be obtained by force, intimidation, threat, coercion, isolation, or confinement. Agreement obtained under such conditions does not constitute consent. A person's use of alcohol and/or other drugs does not necessarily eliminate his or her responsibility to obtain consent.

Antonelli Institute presents educational programs with local organizations to prevent and promote the awareness of rape, acquaintance rape, dating violence, domestic violence, stalking, and other forcible and nonforcible sex offenses. Primary prevention and awareness programs are presented for incoming students and new employees. Programs include *Reconstructing Norms: Preventing Sexual Violence on College Campuses* presented by Victims services Center of Montgomery County and recognition of Denim Day sponsored by denimdayusa.org. Ongoing prevention and awareness campaigns are also offered for continuing students and employees. They focus on topics such as prevention and awareness of dating violence, domestic violence, sexual assault, stalking, crime prevention tips, and ideas for self-protection. Antonelli Institute also distributes educational materials to faculty, students, and staff to promote the awareness of rape, acquaintance rape, dating violence, domestic violence, sexual assault, stalking, and other forcible and nonforcible sex offenses. This information is included in the following materials:

- Crime Prevention Tips
- Prevention Ideas for Self-Protection
- Directory of Counseling Services

The materials also address issues of evidence preservation, criminal prosecution, law enforcement, and school notification in the case of a sex offense. Information provided by the Commonwealth of Pennsylvania concerning registered sex offenders may be obtained by contacting the Springfield Township Police at (215) 836-1600. Students who reside in the residence facilities may obtain such information by contacting the 14th District of the Philadelphia Police at (215) 686-3141. Information on registered sex offenders may also be obtained on the internet at <http://www.pameganslaw.state.pa.us> and <http://registeredoffenderslist.org>.

One of the most effective methods of preventing sexual assault is bystander intervention. Bystander intervention refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking. There are a variety of ways to intervene. Some of them are direct, and some of them are less obvious to the perpetrator. Options include:

- Stepping in and asking if the person needs help.
- Getting support from people around you if you witness sexual violence. You do not have to act alone.
- Distracting the perpetrator so there's time to intervene.
- Being respectful, direct, and honest when intervening.
- Taking steps to curb someone's use of alcohol before problems occur.
- Calling 911 when the situation warrants.

Common sense, situational awareness, and trusting your instincts will reduce the risk of sexual assault. The tips below may help decrease the potential chance of sexual assault:

- If you consume alcohol, do so in moderation. Know your alcohol limits.
- Do not leave your beverage unattended; take your drink to the restroom with you. Never drink a beverage that has been given to you by someone else or taken from a communal alcohol source, like a punch bowl.
- If you go on a date with someone you do not know very well, tell a close friend what your plans are.
- Make sure your cell phone is with you and charged and that you have extra money to get home. Have a plan for someone you can call if you need help.
- If you get a bad feeling about a location or a person, leave the situation immediately and go to a safe place.
- When you go to a party, go with a group of friends. Arrive together, watch out for each other, and leave together.
- Be alert and aware of your surroundings at all times.
- Don't be afraid to ask for help in situations where you feel unsafe.
- Travel, walk, or park in well-lighted areas after dark and with a friend whenever possible.
- Keep the doors to your home, residence room, and car locked.

Procedures for reporting dating violence, domestic violence, sexual assault, and stalking are the same as for any other crime. If a student or employee is the victim of a dating violence, domestic violence, sexual assault, or stalking offense, the individual should report the offense in a timely manner to any school official either in person or by phone at (215) 836-2222. School officials include management personnel, directors, and security personnel. Any student who has a complaint of campus sexual assault against another student should notify the President in a timely manner either in person or by phone at (215) 836-2222.

Reports of dating violence, domestic violence, sexual assault, and stalking will be handled with discretion, dignity, and confidentiality. Personally identifiable information about the victim will only be shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant. Neither the name of the victim, specific housing information, nor any other information that would serve to identify any individual will be published in the crime log. The school will maintain as confidential any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the school to provide the accommodations or protective measures.

If the victim wishes to notify the proper law enforcement authorities, school officials are available and willing to assist. It is important for the victim to preserve evidence for proof of a criminal dating violence, domestic violence, sexual assault, or stalking offense or for obtaining a protection order. If the victim elects to notify authorities, it is important that the offense is reported immediately. The victim may decline to notify such authorities.

When a student or employee of the school reports to the institution that s/he was a victim of dating violence, domestic violence, sexual assault, or stalking, the victim will be provided with a written explanation of his/her rights and options, whether the offense occurred on campus or off campus. The Financial Aid office is available on campus to provide student victims with financial aid-related services and information. A written listing of off-campus counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services will be provided to victims of dating violence, domestic violence, sexual assault, and stalking by the Director of Education. Other than financial aid assistance, no professional on-campus services are available.

Upon receiving a report of an alleged sex offense, school officials will also provide victims with a written explanation of the interim measures available to the victim to ensure his/her safety and equal access to educational programs and activities, including notification of reasonably available options for changing academic, living, transportation, and working situations. A written request for accommodations should be submitted to the Director of Education. School officials will assist in notifying the victim of all reasonably available options available for these changes regardless of whether the victim chooses to report the crime to local law enforcement. If requested, school officials will also provide information on where and how to obtain protection orders and similar lawful orders issued by the court system.

Whether or not law enforcement is notified or criminal charges are filed, a victim may file a disciplinary complaint in writing or verbally with either the Director of Education or the President. A student who is accused of dating violence, domestic violence, sexual assault, or stalking will be subject to action in accordance with the Student Conduct policy published in the school's catalog. Sanctions that may be imposed are warning, suspension, or expulsion. Faculty or staff will be subject to action in accordance with the Sexual Harassment policy in the Bradford Schools Personnel Policies and Procedures Manual. Sanctions may include verbal or written reprimand, referral to appropriate counseling, withholding of a promotion or bonus, monetary fine, reassignment, suspension, or termination without severance benefits.

In a situation where disciplinary action is required, proceedings will provide a prompt, fair, and impartial investigation and resolution and be conducted by officials who receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Following a reported incident of dating violence, domestic violence, sexual assault, or stalking, the investigation generally shall include interviews with the parties if available, interviews with other witnesses as needed, and a review of relevant documents as appropriate. If necessary, a hearing may be scheduled. School officials shall complete the investigation as promptly as possible and in most cases within 60 working days from the filing of the complaint.

The school will make every feasible effort to preserve the confidentiality of and prevent the disclosure of the identities of the parties involved to the extent permissible by law. The accuser and the accused will be entitled to the same opportunities to have others present during school disciplinary proceedings, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. Officials will use a preponderance of the evidence standard during the proceedings, which means that it is more likely than not that the alleged misconduct occurred. Both the accuser and the accused shall be simultaneously informed in writing of the outcome of the proceeding, the institution's procedures for appealing the results of the proceeding, any change to the results that occurs prior to the time that such results become final, and when such results become final. Both the accuser and the accused shall be

informed in writing of the outcome following a final determination of the alleged offense as well as the appropriate sanctions that the school may impose.

No one shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against the complainant or anyone else as a result of reporting or participating in an investigation or adjudication of alleged sexual misconduct.

Emergency Response and Evacuation Procedures

In the event of a report of an emergency or dangerous situation involving an immediate threat to the health or safety of students or staff, the President or any other member of the school administration will promptly investigate and, if appropriate, confer with local law enforcement or other first responders to confirm the circumstances of the report. In the event of a confirmed emergency or dangerous situation, the school administration will determine the segment(s) of the campus community affected, determine the content of the notification, and immediately notify the school community or the appropriate segment of the campus community, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The decision will be made on a case-by-case basis. In the event of an emergency or dangerous situation, students should follow the guidance provided by the administration through classroom announcements and personal communications.

Fire alarms are located throughout the building. In the event that a building needs to be evacuated for any reason, a fire alarm will be activated. At the sounding of the alarm, all building occupants shall evacuate the building immediately. Classroom instructors are expected to interrupt class activity and instruct students to evacuate the building when the alarm sounds. Students are expected to follow directions as given to them by their instructor or other school officials. All exits are marked, and students are expected to leave the building in a prompt and orderly fashion using these exits. Instructors should close any windows, turn off room lights, take the sheet for taking attendance, make sure everyone has left the room, close the door of the room, lead students to a safe location, take roll immediately, and stay with the students until instructed to return to the building. Periodically, at least on an annual basis, announced or unannounced fire and other emergency drills will be conducted at the school in order to familiarize students with fire and emergency evacuation procedures. Emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Documentation supporting the conduction of the exercise, including a description of the practice exercise, the date, the time, and whether it was announced or unannounced, will be maintained in the office of the [school official].

Antonelli Institute does not provide residential facilities for students on campus although it does maintain noncampus housing accommodations. The school conducts fire safety training for these resident students during the resident student orientation. This training will include fire prevention policies and rules, fire safety precautions, protocol for reporting fires, procedures for evacuating the building, and use of fire extinguishers. The fire and smoke alarm systems alert residents of potential hazards. When an alarm sounds, each resident should follow the established procedures:

1. Awaken any sleeping roommate.
2. Feel the doorknob and the door. If they are hot, do not open the door. Use a towel or blanket to fill the cracks around the door. Call 911.

3. If the doorknob and door are cool, slowly open the door and exit the room.
4. Close the door tightly when evacuating.
5. Follow the predetermined exit route in a quick and orderly manner.
6. Leave the building using the nearest accessible stairway. Do not use an elevator.
7. When exiting in smoky conditions, keep your hand on the wall and crawl to the nearest exit.
8. Move safely away from the building and await instructions.

In the event of an incident which would require the larger community to be notified, the school administration will utilize the 911 emergency phone system to report the event.

STUDENT CONDUCT (p. 35)

Students at Antonelli Institute are expected to conduct themselves as responsible adults. Expulsion, suspension, or some lesser sanction may be imposed for any of the following offenses: 1) interruption or any manner of interference with the normal operation of the school; 2) destruction, damage, or misuse of school equipment, facilities, or property; 3) illegal possession, use, or furnishing of alcoholic beverages while on campus or while involved in school-related activities; 4) illegal possession, use, or furnishing of drugs while on campus or while involved in school-related activities; 5) use, possession, or furnishing of weapons while on campus or while involved in school-related activities; 6) verbal, physical, sexual, or online assault that injures, causes serious emotional harm, or grievously demeans or threatens another person in the school community; 7) theft of another's property occurring on school premises; 8) participation in hazing; 9) academic cheating, plagiarism, or copyright infringement; 10) stalking; 11) commission of other offenses that in the opinion of the administration may be contrary to the best interest of the school community.

Sanctions that may be imposed are 1) warning, 2) suspension, or 3) expulsion. In general, the school will issue warnings prior to dismissing a student for poor conduct. The school, however, may dismiss a student without warning if the offense is serious. Serious offenses may be any of those listed in the policy on conduct but are considered to be those that directly affect the physical well being of other persons in the school community. The Director of Education ~~President makes the decision as to the seriousness of any offense will investigate all complaints of student misconduct and determine the appropriate sanction to be imposed.~~ A student who wishes to question any decision made by the Director of Education ~~President should follow the procedures outlined in the GRIEVANCE PROCEDURES section~~ may appeal to the President, who will then render a final decision.

Conviction on a drug-related charge while enrolled and receiving financial aid may result in the loss of certain types of financial aid.

READMISSION (p. 40)

Readmission to Antonelli Institute following dismissal or withdrawal will be at the discretion of the school. Students wishing to reenter must contact the Director of Education.

A student cannot reenter the school if he or she 1) has a loan in default or 2) was dismissed for a violation of the conduct policy. A student who was dismissed for failure to make satisfactory academic progress will not be allowed to reenter except under the circumstance where the student has failed a prerequisite course and must withdraw.

Except as discussed below, Reentering students will be charged the tuition in effect upon reentry and will be required to meet current graduation requirements for the program in which they enroll.

Following dismissal or withdrawal for nonmilitary reasons, a student may be considered for readmission into the same or a different program only one time. However, in cases involving mitigating or special circumstances, an appeal of a denial to readmit may be considered. The circumstances must be fully documented. If there is a finding that the mitigating or special circumstances are in fact the primary reason for the student's dismissal or withdrawal and if it is determined that the student can reasonably be expected to meet the requirements for standard progress and for graduation, the student may be readmitted. A student may appeal a denial to readmit only one time.

~~Additionally, an exception to this policy will be made if one of the a withdrawals was due to being called to active military duty. In this case, a student who notifies the school of his/her intent to return to the school within three years after the completion of the period of service will be readmitted may seek readmission into the same or a different program with the same academic status as at the time of withdrawal one additional time. The student will be required to meet current graduation requirements for the program in which s/he enrolls. If the student is readmitted to the same program, the student will be charged the tuition and fee charges that s/he would have been charged for the academic year during which s/he left the school. If the student is admitted to a different program, the student will be charged the tuition in effect upon reentry.~~
